Our Bespoke Gifting Service

We create bespoke gift boxes for employees and clients, tailored to your brief and budget.

Our team suggests options within your budget, then works with you to refine the contents until the gift set feels just right. We can deliver to one central address or ship directly to each recipient's home. To make it extra special, we design branded gift boxes and cards featuring your logo and message with a seasonal or festive touch.

With access to over 100 trusted suppliers, you can choose from a huge variety of products — from sweet and savoury treats, drinks and games, to pampering goodies, cosy comforts, wellbeing gifts, stationery and personalised items. Dietary needs and allergies are always taken into account, and the final selection can be as fun and "gifty" or as smart and corporate as you like.

Every box is carefully packed in-house and sent out in good time, with updates at every stage so you can relax knowing they'll arrive when needed.

Whether you're ordering 100 or 10,000 boxes, we'll make sure your gifting is seamless and stress-free.

How It Works

We create completely bespoke gift boxes to suit your requirements and budget.

1.

Branded Packaging

We can design the boxes, gift bags or hampers with your company logo. Alternatively we can pack directly into a packing box and seal with a branded sticker. We will work with you to ensure your design is exactly as you would like.

2.

Choose Luxury Gifts

We have over 3,000 gifts to choose from and work with you to select the perfect gifts to suit your requirements and budget. Gifts vary from chocolates and gourmet snacks to scented candles, cosy socks and pampering treats. Mix and match to your heart's content!

3.

Final Details

We will design a branded card with your message on. Each gift box is lovingly hand-packed by one of our team to ensure the set reaches you or the recipient safely and also looks lovely when opened. All boxes can be delivered to one address or to individaul addresses.
